The Group records the present value of the estimated cost of legal and constructive obligations to restore operating locations in the period in which the obligation arises. The nature of restoration activities includes the removal of facilities, abandonment of wells and restoration of affected areas.

A restoration provision is recognised and updated at different stages of the development and construction of a facility and then reviewed on an annual basis. When the liability is initially recorded, the present value of the estimated future cost is capitalised by increasing the carrying amount of the related property plant and equipment. Over time, the liability is increased for the change in the present value based on a pre-tax discount rate appropriate to the risks inherent in the liability. The unwinding of the discount is recorded as an accretion charge within finance costs.

The carrying amount capitalised in property plant and equipment is depreciated over the useful life of the related producing asset.

Costs incurred that relate to an existing condition caused by past operations and do not have a future economic benefit are expensed.

A discount rate of 0.88% was applied during the period.

We have reviewed the accompanying **Interim Financial Report** of Black Mountain Exploration Australia Pty Ltd.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the Interim Financial Report of Black Mountain Exploration Australia Pty Ltd does not:

- present fairly, in all material respects, the **Group's** financial position as at 30 June 2020 and of its performance and its cash flows for the Half-year ended on that date; and
- comply with *Australian Accounting Standard AASB 134 Interim Financial Reporting*.

The **Interim Financial Report** comprises:

- Condensed consolidated statement of financial position as at 30 June 2020.
- Condensed consolidated statement of comprehensive income, Condensed consolidated statement of changes in equity and Condensed consolidated statement of cash flows for the Half-year ended on that date.
- Notes 1 to 10 comprising a summary of significant accounting policies and other explanatory information.
- Management's Assertion Statement.

The **Group** comprises Black Mountain Exploration Australia Pty Ltd (the Company) and the entities it controlled at the Half-year's end or from time to time during the Half-year.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the *Financial Report* in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

Emphasis of matter – basis of preparation and restriction on use and distribution

We draw attention to Note 2 to the Interim Financial Report, which describes the basis of preparation.

The Interim Financial Report has been prepared to assist the Directors of Black Mountain Exploration Australia Pty Ltd for the purpose of providing historical financial information on the Group and for the Directors' due diligence in connection to a potential Initial Public Offering.

As a result, the Interim Financial Report and this Auditor's Review Report may not be suitable for another purpose. Our conclusion is not modified in respect of this matter.

Our report is intended solely for the Directors of Black Mountain Exploration Australia Pty Ltd and should not be used by or distributed to parties other than the Directors of Black Mountain Exploration Australia Pty Ltd. We disclaim any assumption of responsibility for any reliance on this report, or on the Interim Financial Report to which it relates, to any person other than the Directors of Black Mountain Exploration Australia Pty Ltd or for any other purpose than that for which it was prepared.

- Implementing necessary internal controls to enable the preparation of the Interim Financial Report that is free from material misstatement, whether due to fraud or error.
- Assessing the Group and Company's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Group or Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not present fairly the Group's financial position as at 30 June 2020 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting*.

A review of an Interim Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
